

# PwC's business traveller solution

myTrips

Providing pre-travel assessment for a wide range of compliance areas:

Immigration

Posted Workers

Employment Taxes

Permanent Establishment

Social Security

Employee books travel via travel provider. Automatic feed to PwC assessment tool where traveller completes myTrips questionnaire, if more information needed

Using PwC technical logic, an automated determination of risks and obligations occurs, based on length of travel and activities to be performed

Output reports and interactive dashboards identifying obligations and registration requirements shared with corporate users

Downstream compliance activities initiated with PwC or your preferred vendor (automatic if managed service provided by PwC)
